

Greetings LSCA Member,

I am excited to announce the Call for Proposals for the Louisiana School Counselor Association's *Virtual Spring Conference*, which will be held virtually via Zoom on **February 7-8, 2025**.

This conference offers an excellent opportunity to share your expertise, knowledge, and innovative approaches with fellow professionals dedicated to School Counseling. We are seeking dynamic, 60-minute breakout sessions that promote evidence-based programs in the areas of academic, college and career readiness, and social/emotional development, while highlighting the latest techniques and practices in school counseling.

We welcome presentations that showcase best practices, cutting-edge interventions, research, and emerging trends in School Counseling. Whether you bring insights on supporting diverse populations, new therapeutic approaches, or strategies for helping students and families thrive, we want to hear from you!

Both seasoned and first-time presenters are encouraged to submit proposals. This conference is focused on collaborative learning and fostering connections that strengthen our professional community.

**Important Information:**

**Deadline for electronic submission of the proposal: November 15, 2024. Only complete proposals will be accepted.**
